

LTX400

COLOR LABEL PRINTER

LABELTRONIX®

Save time and Money by Printing Your Own Short-Run Labels In-House

The LTX400 utilizes the latest in high-resolution inkjet technology to print brilliant full-color product labels right from your office or production facility. With a spectacular 4800 dpi print resolution; this printer is the same top performance as the LTX810, "Big Brother", but only with a smaller format. Your labels can include full-color photos, illustrations, graphics, text, and bar codes. Print them when and where you need them.

Professional Quality Results

There's no need to settle for low-resolution color labels on your products. The LTX400's incredible 4800 dpi printing delivers results that far exceed virtually any other on-demand print method available today. Four built-in print resolutions let you select the combination of print quality and speed that fits your application best. No matter what you choose, your labels are bright, colorful, and professional.

Many Applications

The LTX400 is ideal for industries such as gourmet foods, wine and water bottles, personal care and natural products. It is also perfect for a host of other uses such as proofing before going to press on longer runs, test marketing, contract manufacturing, private labels goods, promotional labels, full color box-end labels with all required bar codes, and much more!

Specialty Applications

The LTX400 is also ideal for producing full-color tickets and tags, retail coupons, patient wristbands and much more. The optional, field-installable Media Cutter attaches to the front of the printer and slides down and out of the way when not needed. A fan-fold media slot for tags and tickets is located on the rear panel of the printer.

A Wide Variety of Substrates – Including Labels that are Highly Water Resistant

LTX400 prints onto many different label, tag and ticket materials, including inkjet coated high-gloss, semi-gloss and matte labels. Labels printed on high-gloss material are highly scratch- and smudge-resistant and practically waterproof. This is a perfect solution for primary or box labels that can be exposed to water, rain and snow.

You can print labels as narrow as 0.75 inches and as wide as 4 inches and up to 24 inches long.

Get Up and Running Quickly

From initial set-up to full operation, the LTX400 is easy to use. Plus, everything you need to start printing labels is included in the box.

Each LTX400 ships with Nicelabel™ SE design software, sample roll of high-gloss labels, ink cartridge, and USB cable. You'll be printing full-color labels within minutes of taking the printer out of the box.

TECHNICAL SPECIFICATIONS

Print Method	Inkjet
Print Resolutions	4800 x 1200 dpi, 2400 x 1200 dpi, 600 x 600 dpi
Ink Cartridges	Color (CMY), Process Black (k)
Colors	16.7 million
Color Matching	Z-Color™ Color Matching Software
Print Width	0.75" (19mm) to 4" (101.6mm)
Print Length	0.75" (19mm) to 24" (609.6mm)
